Chooser Lover

Greetings and hello, I'm Tennouji Mio!
This time, I've written a side-story for my work '24-h Eigyouchuu', with a piece featuring Sano and Nakamachi! Please check out the original story for the full details (haha).

The theme this time is a boyfriend fearing he'll be cheated on. However, I feel like Nakamachi just overthought things and came off a bit lewd... The story itself isn't super R-rated, but I've slapped on the warning just to be on the safe side. Well, enjoy!

"24-h Eigyouchuu" Character Introduction

Nakamachi

Age 20, part-timer

Working a shift at a 24-h convenience store, he's an air-headed tempting 'uke' of a guy. He gave himself over to Sano's strong advances, and they're now dating. A really easily swayed type.

Sano

Age 17, high-school student

Nakamachi's lover. He used to be something of a bad-boy and garnered a measure of fame in that respect. At school, he's a lone-wolf type it seems. Since being told off by Nakamachi, he's given up fighting and smoking.

Yoshino

Age 21, college student

Co-worker of Nakamachi's. He's not so much 'cool' as 'expressionless', and he's quite frank and straightforward. He's dating Yagami, as described in the original work.

Misono

Age 23, part-timer

Co-worker of Nakamachi's. He's already come out as gay, and while he appears to have a calm, pleasant personality, his true form is still hidden beneath a veil. He's a character I'd love to write more about in a future project...
